

## Technical Seminar:

Date: Monday, March 30, 2020

Location: Memorial Student Center  
Room 2406 A & B  
Texas A&M University  
275 Joe Routh Blvd  
College Station, TX 77840

Time: 9:00 am to 4:00 pm

Registration: [www.gegridsolutions.com/multilin/TexasAM2020](http://www.gegridsolutions.com/multilin/TexasAM2020)

No-charge seminar. Lunch will be provided. Seminar certificates will be provided to attendees.

---

*8:30 am – 9:00 am Continental Breakfast*

---

*9:00 am – 10:30 am Generator Protection Fundamentals & Applications*

This section will cover the fundamentals and applications of generator protection for medium to large generators at power generation facilities.

---

*10:30 am – 10:45 am Break*

---

*10:45 am -12:00 pm Generator Protection Fundamentals & Applications (continued)*

---

*12:00 pm -1:00 pm Lunch*

---

*1:00 pm -2:30 pm Distribution Protection & Control Applications*

The session will discuss optimized distribution substation protection architectures using fewer devices and/or IEC61850 process bus. This session also covers overhead and underground distribution control applications, such as recloser control, overhead switch control and underground pad-mount switch control.

---

*2:30 pm – 2:45 pm Break*

---

*2:45 pm – 4:00 pm Lessons Learned From Event/Record Analysis*

The session will discuss lessons learned from event/record analysis.

---

*4:00 pm Adjourn*

---
